

## Let Us Complete The Picture Together

### The Mariappa Foundation

20% of the students at Nachiar Vidyalayam come from economically weaker sections of the society and are completely sponsored by the school trust- the Mariappa Foundation. The trust is doing a great service by imparting education to these young children. Children who would have normally discontinued their school education, as their parents are unable to pay even the most minimal of school fees. Thanks to the efforts of Nachiar Vidyalayam and the generosity of its patrons and donors, they can look forward to a bright future. They walk tall and take equal strides with students elsewhere in the country.
