

## The Desire To Share

### At the core of volunteering

Apart from fund-raising, volunteering takes varied forms. It can be done by professionals or home makers. It can be either teaching subjects or training teachers, sharing your knowledge, imparting skills, helping organise an event or library, story-telling, designing or even counselling. People can contribute in their own individual capacity. When you volunteer your time - you will surely make a difference to the children and in your own life.

## 'I Want To Volunteer' Application Form

Why and how would you like to volunteer for us?
